

A budget workshop with the Supervisors was held Friday, October 18, 2013 at 9:00 a.m. in the Township Building. The workshop was advertised as required by law in the local paper. Those present were Barry Schrope, Jim Fuller, Annette Mullen, Vicki Jenkins and David Mills.

David Mills presented the supervisors with the recreation board budget report. David stated they would like to receive the same support of \$15,000 as a donation to the recreation board for 2014. David stated they will have engineering costs and construction costs of the foot bridge this coming year. David stated they have received a \$1000 grant towards the engineering and will have to start the process within 1 year per the grant requirements. David advised any extra funding provided will be used towards the foot bridge.

Barry Schrope stated he has spoken to Eric from the inspection office regarding the possibility of an addition to the office. Barry stated no sprinklers will be needed on either section and the wall between the shop and office will not have to be a firewall. Barry stated the bathroom does not meet code and will need updated and also the handicap parking spot will need to be widened and the slope fixed. Eric stated the office will need illuminated exit signs and the septic will have to be located and a drawing from an engineer will be required. A meeting will be set up with John Madden to discuss the addition.

The budget items that were in question from the September workshop were looked over and discussed again. The supervisors discussed the possibility of buying a bucket truck and a trailer. The supervisors also discussed the recreation board donation. They proposed to give \$15,000 as a donation and up to \$5,000 towards the cost of engineering for the foot bridge. The recreation board will submit the engineering bills to the township for reimbursement, not to exceed \$5,000. The fire company donations and the tax collector commission are still being discussed and further information will be obtained.

Workshop adjourned at 11:45 a.m.

Respectfully Submitted,
