Motion by Barry Schrope and Jim Fuller to release the Fire Companies' Capital Reserve Funds as listed below. Both voting in the affirmative. Motion Carried

Duncannon - \$21,250.00

New Bloomfield - \$3,500.00

Byron Worner suggested that possibly with the quarterly reporting from the Fire Company now there will be no need for the year end report. All agreed on this.

Review of the 2020 Budget took place at this time.

Barry noted he and Vicki were in contact with PSATS and there are no partial memberships, as Kurt had requested.

Kraig Nace spoke about the Ambulance donation, the purchase of ambulances, mortgage payments, salaries and benefits, and the possibility of the ambulance being out-of-service at times.

Barry noted whatever is done at this time will be a temporary fix.

Barry asked the fire company representatives about the donations, if they want the same in operations and the rest in Capital Reserve. Byron noted he will need to speak with the rest of the company and Mitch noted his company is okay with it.

A discussion was held regarding how the liquid fuels money can be used. Further investigation will follow on this.

Motion by Barry Schrope and Jim Fuller to adjourn at 10:54 AM. Both voting in the affirmative. Motion Carried
